THREATENED AND ENDANGERED SPECIES INFORMATION: The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Philomath District at (541) 929-3266 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

SPECIAL REMARKS: **SEASONAL RESTRICTIONS APPLY - SEE SECTION 39.**
Net and gross acreage for both timber sale areas were determined by using digital orthophotos and GIS.
Area I: diameter limit unit.
Area II: automark thinning unit.
Stream Habitat Improvement Work: PURCHASER shall fell and buck 20 large Douglas-fir trees in the proximity of Point C. Approximately 40 logs shall be skidded and decked at 9 locations along a tributary of Wolf Creek. This work shall be done in July 2003.
See Section 40 for specific instructions regarding protection of markings and monuments.

SALE OBJECTIVES: The objectives of this timber sale are to reduce stand densities and to maintain growth of the residual trees, and to develop a complex forest structure over a portion of the landscape.

The information shown on the Exhibit "A" map(s) are approximate locations. Exact locations of features represented by map symbols shall be determined on site and shall depend upon the conditions that exist on site. Activities shall be conducted based upon features determined on site rather than features shown on maps.

See inside front cover of Auction Schedule booklet for disclaimer regarding all governmental regulatory actions.
