ENDANGERED SPECIES ACT COMPLIANCE STATEMENT: The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Forest Grove ODF District at (503) 357-2191 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

SPECIAL REMARKS: **SEASONAL RESTRICTIONS APPLY - SEE SECTION 39.**

Felling must be completed by March 15, 2005.

Project work must be completed by October 1, 2004.

Gross acres were determined by planimeter and orthophotos. Net acres were determined by subtracting non-thinnable areas, stream buffers, and road right-of-way acres.

Sale elevation ranges from 2,300 feet to 3,000 feet.

Other work includes: Topping 120 trees in Area I and 46 trees in Area II; 20 hours of sorting landing slash and blocking skid roads; and 35 acres of site preparation.

SALE OBJECTIVES: This sale is aligned with the objectives of the NWO Forest Management Plan. The Plan presents guiding principles, a forest vision, and resource management goals.

Guiding Principles (in part) – To secure the greatest permanent value of these lands to the state, the State Forester shall maintain these lands as forest lands and actively manage them in a sound environmental manner to provide sustainable timber harvest and revenues to the state, counties, and local taxing districts. This management focus is not exclusive of other forest resources but must be pursued within a broader management context.

The information shown on the Exhibit "A" map(s) are approximate locations. Exact locations of features represented by map symbols shall be determined on site and shall depend upon the conditions that exist on site. Activities shall be conducted based upon features determined on site rather than features shown on maps.

Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls and marbled murrelets.

Survey Results

This sale was surveyed for northern spotted owls in 2001 and 2002, using a protocol endorsed by the U.S. Fish and Wildlife Service¹. There were no observations of northern spotted owls during any of these surveys. Surveys for marbled murrelets were conducted in 2001 and 2002, using a protocol developed by the Pacific Seabird Group². There were no observations of marbled murrelets during any of these surveys.

Known T&E Resources

There are no known northern spotted owl activity centers or Marbled Murrelet Management Areas affecting this sale.

Operational Considerations

Northern spotted owl survey results are valid until March 15, 2005. By ODF policy, marbled murrelet survey results are valid until April 2007. All timber should be felled by March 15, 2005.
