STATEMENT:

management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Tillamook ODF District at (503) 842-2545 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

SPECIAL REMARKS:

Acreage was determined by using GIS and aerial photos.

Seasonal hauling restriction on Kilchis Lookout Road.

PURCHASER may need to use Muesial Creek Road as an alternate haul route for a short duration if project work from another sale conflicts with hauling on the lower portion of Cedar Butte Road.

SALE OBJECTIVES:

Harvest Douglas-fir with severe symptoms of Swiss needle cast to prepare for planting with other native conifer species.

The information shown on the Exhibit "A" map(s) are approximate locations. Exact locations of features represented by map symbols shall be determined on site and shall depend upon the conditions that exist on site. Activities shall be conducted based upon features determined on site rather than features shown on maps.

Biological Survey Report

Project: Kilo
Date: May 1, 2003
To: Bob Teran
CC: Mark Labhart, District Sale File
From: Marcia Humes

Habitat Suitability

This sale does not contain potentially suitable habitat for northern spotted owls or marbled murrelets.

Survey Results

Northern spotted owl and marbled murrelet surveys are not necessary for this sale.

Known T&E Resources

This sale is not within 1.5 miles of any known northern spotted owl activity center or within 0.25 miles of a Marbled Murrelet Management Area (MMMA). However, the sale includes some road improvement project work, a portion of which will occur within 0.25 miles of a MMMA.

Operational Considerations

Road improvement work will not occur within 0.25 miles of the MMMA from April 1 through August 5, annually. Road improvement activities from August 6 through September 15 (annually) will be allowed from 2 hours after sunrise until 2 hours before sunset, within 0.25 miles of the MMMA.

Future Survey Plans

There are no future survey plans for this sale. However, surveys for northern spotted owls will be conducted in and around this sale, as part of a monitoring study for spotted owls in the Tillamook Burn.
