ENDANGERED SPECIES
ACT COMPLIANCE
STATEMENT:

The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Coos ODF District at (541) 267-4136 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

SPECIAL REMARKS: **SEASONAL RESTRICTIONS APPLY - SEE SECTION 39.**

Acreage was determined by digitizing the timber sale area from 1998 ortho photos using ARCVIEW GIS.

STATE may approve utility (pulp) scale by weight for conifer only with a conversion of 16 pounds per board foot.

STATE may approve hardwoods scale by load with a conversion of 2.8 MBF per load.

SALE OBJECTIVES: Johnson Trout Thin is an automark thinning sale intended to increase the vigor of dominant and codominant trees by removing suppressed and intermediate trees. The timber sale will provide improved, more diverse habitat and revenue for the common school fund.

From: Marcia Humes

Habitat Conservation Plan Area

This sale is within an area covered by a Habitat Conservation Plan (HCP) approved by the U. S. Fish and Wildlife Service. The Incidental Take Permit (ITP) for the HCP covers northern spotted owls. Under the provisions of this HCP, surveys are not required for northern spotted owls.

Habitat Suitability

This sale does not contain potentially suitable habitat for marbled murrelets.

Survey Results

Surveys for marbled murrelets are not necessary.

Known T&E Resources

This sale is not within 0.25 miles of any Marbled Murrelet Management Areas.

Operational Considerations

There are no seasonal restrictions or felling deadlines associated with northern spotted owls or marbled murrelets for this sale.

Future Survey Plans

There are no future survey plans for this sale. ODF will be conducting a spotted owl survey across the entire Elliott State Forest in 2003, however. A portion of these surveys will take place in or around the sale area.
