Habitat Suitability

This sale is located in the Sun Pass State Forest, near the edge of the range of the northern spotted owl.

Survey Results

The Sun Pass State Forest was surveyed for northern spotted owls from 1992 – 1994 and again in 1999 and 2000 using standards that met or exceeded protocols approved by the U.S. Fish and Wildlife Service. These surveys were done as monitoring surveys under ODF's Eastern Oregon Long-Range Management Plan. There were no responses to any surveys in 1999 and 2000. Periodic owl surveys will begin again in March of 2005.

Periodic northern goshawk surveys on the Sun Pass State Forest were conducted in 2003 and will be conducted again in 2004.

Known T&E Resources

This sale is not affected by any known northern spotted owl activity centers or bald eagle sites.

Operational Considerations

There are no seasonal restrictions associated with threatened, endangered or sensitive species for this sale.

Future Survey Plans

Northern spotted owl surveys will be conducted in 2005 and 2006, while the sale contract is active. Surveys for northern goshawks will be conducted across the Sun Pass State Forest in 2005.
