ENDANGERED SPECIES ACT COMPLIANCE STATEMENT: The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Forest Grove ODF District at (503) 357-2191 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

SPECIAL REMARKS: **SEASONAL RESTRICTIONS APPLY - SEE SECTION 39.**

Elevation of the timber sale area ranges from 1,700 feet to 2,100 feet.

Acres were determined by ArcView.

Top 170 trees for snag creation.

Expend 16 hours of shovel time to block skid roads and stack landing debris for firewood cutting.

PURCHASER shall expend 40 hours of track-mounted excavator time on the timber sale area for the purpose of slash piling.

FELLING MUST BE COMPLETED BY MARCH 15, 2006.

SALE OBJECTIVES: Convert sparsely stocked brushy areas and over-stocked closed single canopy areas within this timber sale area to a more productive, and potentially more diverse stand of trees by means of modified clearcutting and reforestation with a variety of tree species. In addition, the sale of this timber will produce revenues for the local taxing district.

The information shown on the Exhibit "A" map(s) are approximate locations. Exact locations of features represented by map symbols shall be determined on site and shall depend upon the conditions that exist on site. Activities shall be conducted based upon features determined on site rather than features shown on maps.

Biological Survey Report

Project: Hem Hog
Date: March 31, 2004
To: Erik Marcy
CC: Dave Johnson, District Sale File
From: Marcia Humes

Habitat Suitability

This sale contains suitable habitat for northern spotted owls. This sale does not contain potential habitat for marbled murrelets.

Survey Results

This sale was surveyed for northern spotted owls in 2002 and 2003, using a protocol endorsed by the U.S. Fish and Wildlife Service¹. There were no observations of northern spotted owls during any of these surveys.

Surveys for marbled murrelets are not necessary.

Known T&E Resources

There are no known northern spotted owl activity centers within 1.5 miles or Marbled Murrelet Management Areas within 0.25 miles of this sale.

Operational Considerations

Northern spotted owl survey results are valid until March 15, 2006. All timber should be felled prior to this date.

Future Survey Plans

ODF has no plans for further survey of this sale. However, ODF has an active survey program, and northern spotted owl surveys will be conducted within 3 miles of this sale during the life of the contract.
