Habitat Suitability

This sale contains suitable habitat for northern spotted owls. This sale does not contain potential habitat for marbled murrelets.

Survey Results

This sale was surveyed for northern spotted owls in 2004 and 2005, using a protocol endorsed by the U.S. Fish and Wildlife Service¹. Northern spotted owls were not observed during these surveys.

Surveys for marbled murrelets are not necessary for this sale.

Known T&E Resources

There are no northern spotted owl activity centers within 1.5 miles or Marbled Murrelet Management Areas within 0.25 miles of this sale.

Operational Considerations

Current northern spotted owl survey results are valid until March 15, 2008. All timber should be felled by March 15, 2008.

Future Survey Plans

ODF has no plans for further survey of this sale. However, ODF has an active survey program and northern spotted owl surveys will be conducted within 3 miles of this sale during the life of the contract.
