ENDANGERED SPECIES ACT COMPLIANCE STATEMENT: The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Astoria ODF District at (503) 325-5451 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

SPECIAL REMARKS: **SEASONAL RESTRICTIONS APPLY - SEE SECTION 2455.**

Timber sale acreage was determined by mapping sale areas on an ortho photograph and using ArcView to calculate acres.

Snag Creation: 25 snags will be created per area in Areas 1 and 2 (Section 2335).

Project Nos. 1 and 2 must be completed prior to October 31, 2008.

Project No. 3 must be completed by October 31, 2009.

**SALE OBJECTIVES:**

This sale is aligned with the objectives of the NWO Forest Management Plan. The Plan presents guiding principles, a forest vision, and resource management goals.

Guiding Principles (in part) – To secure the greatest permanent value of these lands to the state, the State Forester shall maintain these lands as forest lands and actively manage them in a sound environmental manner to provide sustainable timber harvest and revenues to the state, counties, and local taxing districts. This management focus is not exclusive of other forest resources but must be pursued within a broader management context.

The information shown on the Exhibit A map(s) are approximate locations. Exact locations of features represented by map symbols shall be determined on site and shall depend upon the conditions that exist on site. Activities shall be conducted based upon features determined on site rather than features shown on maps.

RECEIVED AUG 14 2007

### Habitat Suitability

This sale contains suitable habitat for northern spotted owls. This sale does not contain potential habitat for marbled murrelets.

### Survey Results

This sale was surveyed for northern spotted owls in 2006 and 2007, using a protocol endorsed by the U.S. Fish and Wildlife Service<sup>1</sup>. Northern spotted owls were not observed during these surveys.

Surveys for marbled murrelets are not necessary for this sale.

### Known T&E Resources

There are no northern spotted owl activity centers within 1.5 miles or Marbled Murrelet Management Areas within 0.25 miles of this sale.

### Operational Considerations

Current northern spotted owl survey results are valid until March 15, 2010. All timber should be felled by March 15, 2010.

### Future Survey Plans

ODF has no plans for further survey of this sale. However, ODF has an active survey program and northern spotted owl surveys will be conducted within 3 miles of this sale during the life of the contract.
