Biological Survey Report

Project: Haggis Hunt
Date: April 13, 2011
To: John Tillotson
CC: Tom Savage, District Sale File
From: Matt Gostin

Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls. It does not contain potentially suitable habitat for marbled murrelets.

Survey Results

This sale was surveyed for northern spotted owls in 2009 using a protocol endorsed by the U.S. Fish and Wildlife Service¹. Surveys completed in 2010 were conducted under a revised survey methodology². A northern spotted owl was observed on one occasion in 2009. This observation was attributed to a known activity center greater than 1.5 miles of the timber sale.

Surveys for marbled murrelets are not necessary for this sale.

Known T&E Resources

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas affecting this sale.

² Oregon Department of Forestry, June 1, 2010. Policy bulletin SFB-10-03, Northern Spotted Owl Policy Update - Northern Spotted Owl Survey Protocol.

Operational Considerations

Current northern spotted owl survey results are valid until March 15, 2013.

All timber should be felled by March 15, 2013

Future Survey Plans

ODF has no plans for further survey of this sale. However, ODF has an active survey program and northern spotted owl surveys will be conducted within 3 miles of this sale during the life of the contract.
