**ENDANGERED SPECIES ACT  
COMPLIANCE STATEMENT:**

The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. In some cases, ODF may require that initiation of operations be delayed to allow for completion of spot check surveys, as recommended by the USFWS survey protocol and required by ODF policy. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Klamath-Lake District at (541) 883-5681 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

### Habitat Suitability

This sale is located in the Sun Pass State Forest (SPSF), near the edge of the range of the northern spotted owl.

### Survey Results

Northern spotted owl surveys are conducted as a component of the Forest Management Plan for SPSF. The SPSF was surveyed for northern spotted owls from 1999 - 2000 and 2005 - 2006 using standards approved by the U.S. Fish and Wildlife Service. SPSF is currently undergoing owl surveys in 2012 and 2013. There were no responses to any surveys in 1999, 2000, 2005, 2006, and to date in 2012.

### Known T&E Resources

This sale is not affected by any known northern spotted owl activity centers or bald eagle sites.

### Operational Considerations

Portions of this sale within the Forest Connectivity Area are subject to seasonal operating restrictions from April 15 thru June 30 of any year.

### **Future Survey Plans**

Northern spotted owl monitoring surveys are currently being conducted in 2012 and will continue in 2013. In addition, ODF may conduct northern goshawk surveys in the vicinity of the sale during the life of the contract.
