ENDANGERED SPECIES ACT COMPLIANCE STATEMENT: The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. In some cases, ODF may require that initiation of operations be delayed to allow for completion of spot check surveys, as required by the USFWS survey protocol and required by ODF policy. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Tillamook District at (503)-842-2545 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

"STEWARDSHIP IN
FORESTRY"

Biological Survey Report

Project: Power Bales
Date: October 31, 2011
To: Eric Perkins
CC: Dan Goody, District Sale File
From: Matt Gostin

Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls in sale areas 3, 4, and 5. Sale area 2 does not contain potentially suitable habitat for northern spotted owls. Sale area 1 is located within the historic Tillamook burn. By ODF policy, northern spotted owl surveys are not required.

This sale does not contain potentially suitable habitat for marbled murrelets.

Survey Results

Sale area 3, 4, and 5 were surveyed for northern spotted owls in 2010 and 2011, using a protocol endorsed by the U.S. Fish and Wildlife Service^{1,2}. Northern spotted owls were not observed during these surveys.

Surveys for marbled murrelets are not necessary for this sale.

² Oregon Department of Forestry, June 1, 2010. Policy bulletin SFB – 10-03, Northern Spotted Owl Policy Update - Northern Spotted Owl Survey Protocol.

Known T&E Resources

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas affecting this sale.

Operational Considerations

Current northern spotted owl survey results, for sale areas 3, 4, and 5, are valid until March 15, 2014.

All timber in areas 3, 4 and 5 should be felled by March 15, 2014. For all other sale areas, there are no felling restrictions.

Future Survey Plans

ODF has no plans to survey this sale. However, ODF has an active survey program and northern spotted owl surveys will be conducted within 3 miles of this sale during the life of the contract for future operations and as part of an investigation into the presence or absence of spotted owl use of the Tillamook Burn.
