ENDANGERED SPECIES ACT COMPLIANCE STATEMENT: The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. In some cases, ODF may require that initiation of operations be delayed to allow for completion of spot check surveys, as recommended by the USFWS survey protocol and required by ODF policy. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. Also, legal challenges and other litigation regarding ODF threatened and endangered species related processes may occur and may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, or efforts are required to respond to legal issues, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Klamath-Lake District at (541) 883-5681 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

"STEWARDSHIP IN
FORESTRY"

Biological Survey Report

Project: Three Way
Date: January 20, 2015
To: John Pellissier
CC: Greg Pittman, District Sale File
From: Matt Gostin

Habitat Suitability

This sale is located in the Sun Pass State Forest (SPSF), near the edge of the range of the northern spotted owl.

Survey Results

Northern spotted owl surveys are conducted as a component of the Forest Management Plan for SPSF. SPSF was surveyed for northern spotted owls in 1999/2000, 2005/2006, and 2012/2013 using a protocol endorsed by the U.S. Fish and Wildlife Service^{1,2}. There were no responses from northern spotted owls during any year of survey.

Known T&E Resources

This sale is not affected by any known northern spotted owl activity centers or bald eagle sites.

² Oregon Department of Forestry, June 1, 2010. Policy bulletin SFB – 10-03, Northern Spotted Owl Policy Update - Northern Spotted Owl Survey Protocol.

Operational Considerations

There are no operational restrictions for T&E species at this time.

Future Survey Plans

ODF may conduct northern goshawk and woodpecker surveys in the vicinity of the sale during the life of the contract.
