ENDANGERED SPECIES
ACT COMPLIANCE
STATEMENT: The Oregon Department of Forestry (ODF) is engaged in an active threatened and
endangered (T&E) species survey program. Surveys, determinations, and management
measures are developed and implemented in good faith compliance with federal and
state Endangered Species Act (ESA) requirements. Restrictions on operations due to
T&E species considerations are included in the prospectus. Purchasers are required to
comply with all federal and state laws, including the Endangered Species Act. Purchaser
should take steps to be certain that no ESA violations occur. Prospective purchasers of
timber sales are reminded that ODF surveying efforts may take place any time during the
term of a timber sale contract. In some cases, ODF may require that initiation of
operations be delayed to allow for completion of spot check surveys, as recommended
by the USFWS survey protocol and required by ODF policy. As part of the survey
program, ODF surveys its lands on a continuing basis for land management, species
protection, research, and other reasons. During the contract term, T&E survey work
and/or the discovery of a threatened or endangered species within or in the vicinity of a
timber sale may affect operations contemplated under the contract. Also, legal
challenges and other litigation regarding ODF threatened and endangered species
related processes may occur and may affect operations contemplated under the
contract. In the event a threatened or endangered species is found within or near this
sale, or efforts are required to respond to legal issues, ODF may take steps necessary to
protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Astoria District at 503-325-5451
for further information or questions relative to threatened or endangered species
surveys, future planned survey information, or other threatened or endangered species
information.

SPECIAL REMARKS: **NO PERSONAL OR COMPANY CHECKS ACCEPTED FOR THE BID DEPOSIT.**
SEASONAL RESTRICTIONS APPLY - SEE SECTION 2455.
Pulp removal is required if yarded to landing.
**A key is required to access the sale area and can be obtained from the Astoria
District Office.**
Timber sale acreages were determined by using ortho photos, GIS, and Lidar.

The information shown on the Exhibit A map(s) are approximate locations. Exact locations of features represented by
map symbols shall be determined on site and shall depend upon the conditions that exist on site. Activities shall be
conducted based upon features determined on site rather than features shown on maps.

FORESTRY"

Biological Survey Report Update

Project: Kicken Klines
Date: July 30, 2015
To: Ty Williams
CC: Dan Goody, District Sale File
From: Matt Gostin

Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls. This sale is located in the Marbled Murrelet Systematic Survey Zone. By ODF policy, operational marbled murrelet surveys are not required.

Survey Results

This sale was surveyed for northern spotted owls in 2014 and 2015 using a protocol endorsed by the U.S. Fish and Wildlife Service^{1,2}. A northern spotted was observed once in 2014 and once in 2015. These observations were attributed to a known activity center greater than 1.5 miles from the timber sale. An unknown *Strix* species owl was also observed once in 2014.

Surveys for marbled murrelets are not necessary for this sale.

² Oregon Department of Forestry, June 1, 2010. Policy bulletin SFB – 10-03, Northern Spotted Owl Policy Update - Northern Spotted Owl Survey Protocol.

Known T&E Resources

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas affecting this sale.

Operational Considerations

Due to the presence of barred owls, felling restrictions for spotted owl spot check surveys are not required for this sale at this time.

Current northern spotted owl survey results are be valid until March 15, 2018.

All timber should be felled by March 15, 2018.

Future Survey Plans

Spotted owl spot check surveys for this timber sale will be required in 2016 and 2017. In addition, ODF has an active northern spotted owl survey program and spot checks, surveys for other planned operations, and activity center monitoring will be conducted within 3 miles of this sale during the life of the contract.
