To: Erik Marcy
CC: Mike Cafferata, District Sale File
From: Matt Gostin

Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls in sale areas 1–6. This sale is located in the Marbled Murrelet Systematic Survey Zone. By ODF policy, operational marbled murrelet surveys are not required.

Survey Results

This sale was surveyed for northern spotted owls in 2014 and 2015 using a protocol endorsed by the U.S. Fish and Wildlife Service^{1,2}. Northern spotted owls were not observed during these surveys.

Surveys for marbled murrelets are not necessary for this sale.

Known T&E Resources

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas affecting this sale.

¹ USDI Fish and Wildlife Service. 2012. Protocol for surveying proposed management activities that may impact northern spotted owls. 42pp.

² Oregon Department of Forestry, June 1, 2010. Policy bulletin SFB – 10-03, Northern Spotted Owl Policy Update - Northern Spotted Owl Survey Protocol.

Operational Considerations

Due to the presence of barred owls, felling restrictions for spotted owl spot check surveys are not required for this sale at this time.

Survey results are valid until March 15, 2018.

All timber should be felled by March 15, 2018.

Future Survey Plans

Spotted owl spot check surveys for this timber sale will be required in 2016 and 2017. In addition, ODF has an active northern spotted owl survey program. Activity center monitoring and surveys for other planned operations will be conducted within 3 miles of this sale during the life of the contract.
