From:

Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls in sale areas 1 and 2. This sale is located in the Marbled Murrelet Systematic Survey Zone. By ODF policy, operational marbled murrelet surveys are not required.

Survey Results

This sale was surveyed for northern spotted owls in 2015 and 2016 using a protocol endorsed by the U.S. Fish and Wildlife Service^{1,2}. Northern spotted owls were not observed in either year of these surveys.

Surveys for marbled murrelets are not necessary for this sale.

² Oregon Department of Forestry, June 1, 2010. Policy bulletin SFB – 10-03, Northern Spotted Owl Policy Update - Northern Spotted Owl Survey Protocol.

Known T&E Resources

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas affecting this sale.

Operational Considerations

Due to the presence of barred owls, felling restrictions for spotted owl spot check surveys are not required for this sale at this time.

Northern spotted owl survey results for areas 1 and 2 are valid until March 15, 2019.

All timber in areas 1 and 2 should be felled by March 15, 2019.

Future Survey Plans

Spotted owl spot check surveys for area 1 and 2 of this timber sale will occur in 2017 and 2018. In addition, ODF has an active northern spotted owl survey program and surveys for other planned operations will be conducted within 3 miles of this sale during the life of the contract.
