ENDANGERED SPECIES ACT COMPLIANCE STATEMENT: The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. In some cases, ODF may require that initiation of operations be delayed to allow for completion of spot check surveys, as recommended by the USFWS survey protocol and required by ODF policy. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. Also, legal challenges and other litigation regarding ODF threatened and endangered species related processes may occur and may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, or efforts are required to respond to legal issues, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Forest Grove District at (503) 357-2191 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

"STEWARDSHIP IN
FORESTRY"

Biological Survey Report

Project: Gales 80
Date: June 6, 2016
To: Erik Marcy
CC: Mike Cafferata, District Sale File
From:

Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls in sale area 1. This sale is located in the Marbled Murrelet Systematic Survey Zone. By ODF policy, operational marbled murrelet surveys are not required.

Survey Results

This sale was surveyed for northern spotted owls in 2014 and 2015 using a protocol endorsed by the U.S. Fish and Wildlife Service^{1,2}. Northern spotted owls were not observed during these surveys. Surveys are ongoing in 2016 to extend the contract duration.

Surveys for marbled murrelets are not necessary for this sale.

Known T&E Resources

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas affecting this sale.

¹ USDI Fish and Wildlife Service. 2012. Protocol for surveying proposed management activities that may impact northern spotted owls. 42pp.

² Oregon Department of Forestry, June 1, 2010. Policy bulletin SFB – 10-03, Northern Spotted Owl Policy Update - Northern Spotted Owl Survey Protocol.

Operational Considerations

No felling, except for felling associated with project work, shall be allowed prior to the completion of 2016 northern spotted owl surveys indicating no resident owls.

Due to the presence of barred owls, felling restrictions for spotted owl spot check surveys are not required for this sale at this time.

Current survey results are valid until March 15, 2018. After the 2016 surveys are completed, the survey results will be valid until March 15, 2019.

All timber should be felled by March 15, 2019.

Future Survey Plans

Spotted owl spot check surveys for this timber sale will be required in 2017 and 2018. In addition, ODF has an active northern spotted owl survey program and density surveys will be conducted within 3 miles of this sale during the life of the contract.
