**ENDANGERED SPECIES ACT  
COMPLIANCE STATEMENT:**

The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. Surveys, determinations, and management measures are developed and implemented in good faith compliance with federal and state Endangered Species Act (ESA) requirements. Restrictions on operations due to T&E species considerations are included in the prospectus. Purchasers are required to comply with all federal and state laws, including the Endangered Species Act. Purchaser should take steps to be certain that no ESA violations occur. Prospective purchasers of timber sales are reminded that ODF surveying efforts may take place any time during the term of a timber sale contract. In some cases, ODF may require that initiation of operations be delayed to allow for completion of spot check surveys, as recommended by the USFWS survey protocol and required by ODF policy. As part of the survey program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. During the contract term, T&E survey work and/or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect operations contemplated under the contract. Also, legal challenges and other litigation regarding ODF threatened and endangered species related processes may occur and may affect operations contemplated under the contract. In the event a threatened or endangered species is found within or near this sale, or efforts are required to respond to legal issues, ODF may take steps necessary to protect the interests of the State, including contract alteration, suspension, or termination.

Prospective purchasers are encouraged to contact the Forest Grove District at (503) 357-2191 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

### Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls in sale areas 1 and 2. This sale is located in the Marbled Murrelet Systematic Survey Zone. By ODF policy, operational marbled murrelet surveys are not required.

### Survey Results

Adjacent sales in the area where surveyed for northern spotted owls in 2013 and 2014 using a protocol endorsed by the U.S. Fish and Wildlife Service<sup>1,2</sup> providing incidental coverage for this sale until March 15, 2017. Northern spotted owls were not observed during these surveys.

If the contract extends past March 15, 2017 a survey waiver for northern spotted owls has been issued for areas 1 and 2. The waiver finds that the two small areas of potentially suitable habitat may be harvested following appropriate protection parameters.

<sup>2</sup> Oregon Department of Forestry, June 1, 2010. Policy bulletin SFB – 10-03, Northern Spotted Owl Policy Update - Northern Spotted Owl Survey Protocol.

Surveys for marbled murrelets are not necessary for this sale.

### **Known T&E Resources**

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas affecting this sale.

### **Operational Considerations**

Survey results are valid until March 15, 2017.

If the timber is not felled in areas 1 and 2 by March 15, 2017 the following restrictions will take place as per the survey waiver:

- No habitat modification may occur during the period from March 16 through September 30.

### **Future Survey Plans**

ODF has no plans to survey this sale. However, ODF has an active northern spotted owl survey program. Density surveys, spot checks, activity center monitoring, and surveys for other planned operations will be conducted within 3 miles of this sale during the life of the contract.
