**ENDANGERED SPECIES ACT COMPLIANCE STATEMENT:** Purchasers are required to comply with all federal and state laws, including but not limited to the federal and State Endangered Species Act.

The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. ODF Surveys its lands on a continuing basis for land management, species protection, research, and other reasons. Surveying efforts may take place in the Timber Sale Area anytime during the term of the Contract. Purchaser acknowledges that T&E survey work or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect PURCHASERS Operations under the Contract, and PURCHASER agrees to cooperate with STATE's survey work and other activities designed to identify and protect T&E species. In the event any T&E species is found within or in the vicinity of the Area(s) of Operations, or the State otherwise deems it necessary or expedient to take action in response to any pending or threatened legal action concerning State forest land or any T&E species, PURCHASER agrees that STATE may take steps to protect the interests of the State, including imposing restrictions on PURCHASER's Operations under the Contract to prevent disturbance to T&E species, including Contract modification, suspension, or termination.

PURCHASER also acknowledges that at some point during the Contract term, the STATE may also become subject to terms and conditions of Incidental Take Permits issued by the federal government covering State forest lands. PURCHASER agrees that any Operations that occur following issuance of an Incidental Take Permit, if any, must be carried out consistent with such terms and conditions that include required minimization and mitigation measures proposed in the applicable Habitat Conservation Plan, and PURCHASER further agrees that STATE may take steps to protect the interest of the State, including imposing restrictions on PURCHASER's Operations under the Contract to ensure such compliance, including Contract modification, suspension, or termination.

Prospective purchasers are encouraged to contact the Astoria ODF District at (503) 325-5451 for further information or questions relative to threatened or endangered species

surveys, future planned survey information, or other threatened or endangered species information.

SPECIAL REMARKS: **NO PERSONAL OR COMPANY CHECKS ACCEPTED FOR THE BID DEPOSIT. SEASONAL RESTRICTIONS APPLY - SECTION 2455.**

There is a midpoint payment for this sale of 50% by June 7, 2025.

A key is required to access Rock Creek Road and is available at the Astoria District Office.

Felling in Units 1 and 2 shall be completed by April 1, 2026 (Section 2310).

The information shown on the Exhibit A map(s) are approximate locations. Exact locations of features represented by map symbols shall be determined on site and shall depend upon the conditions that exist on site. Activities shall be conducted based upon features determined on site rather than features shown on maps.

### Habitat Suitability

There is potentially suitable habitat for northern spotted owls within all sale units. There is potentially suitable habitat for marbled murrelets within or adjacent to Units 1, 2, 3 & 5.

### Survey Results

This sale has been covered by ongoing spotted owl density surveys in 2021 and 2022<sup>1, 2, 3</sup>. Northern spotted owls have not been observed within 1.5 miles of this sale during these surveys. Density surveys will be ongoing during the life of the sale contract.

Potential habitat within or adjacent to Units 1 and 2 were surveyed for marbled murrelets in 2019 and 2020. Potential habitat within or adjacent to Units 3 and 5 were surveyed for marbled murrelets in 2020 and 2022. These surveys were conducted using a protocol developed by the Pacific Seabird Group<sup>4</sup>. No marbled murrelets were detected during these surveys.

## **Known T&E Resources**

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas (MMMA) affecting this sale.

## **Operational Considerations**

Due to the presence of barred owls, felling restrictions for spotted owl spot check surveys are not required for this sale at this time.

Northern spotted owl survey results will not expire unless density surveys are discontinued. If density surveys are discontinued at any point during the contract, survey coverage will be valid until March 15, three years following the last full season of surveys.

Marbled murrelet surveys will be valid until April 1, 2026 for Units 1 & 2, and April 1, 2028 for Units 3 and 5. Marbled murrelet surveys were not required for Unit 4.

All timber should be felled by April 1, 2026 for Units 1 & 2, and April 1, 2028 for Units 3 and 5.

## **Future Survey Plans**

This sale will be covered by northern spotted owl density surveys during the life of the contract. These density surveys provide incidental survey coverage in lieu of spot checks. If density surveys are not conducted, then spot checks will be required. In addition, ODF has an active survey program and surveys for other planned operations, and northern spotted owl density surveys will be conducted within 3 miles of this sale during the life of the contract.
