ENDANGERED SPECIES ACT COMPLIANCE STATEMENT: Purchasers are required to comply with all federal and state laws, including but not limited to the federal and State Endangered Species Act.

The Oregon Department of Forestry (ODF) is engaged in an active threatened and endangered (T&E) species survey program. ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. Surveying efforts may take place in the Timber Sale Area anytime during the term of the Contract. Purchaser acknowledges that T&E survey work or the discovery of a threatened or endangered species within or in the vicinity of a timber sale may affect PURCHASER's Operations under the Contract, and PURCHASER agrees to cooperate with STATE's survey work and other activities designed to identify and protect T&E species. In the event any T&E species is found within or in the vicinity of the Area(s) of Operations, or the State otherwise deems it necessary or expedient to take action in response to any pending or threatened legal action concerning State forest land or any T&E species, PURCHASER agrees that STATE may take steps to protect the interests of the State, including imposing restrictions on PURCHASER's Operations under the Contract to prevent disturbance to T&E species, including Contract modification, suspension, or termination.

PURCHASER also acknowledges that at some point during the Contract term, the STATE may also become subject to terms and conditions of Incidental Take Permits issued by the federal government covering State forest lands. PURCHASER agrees that any Operations that occur following issuance of an Incidental Take Permit, if any, must be carried out consistent with such terms and conditions that include required minimization and mitigation measures proposed in the applicable Habitat Conservation Plan, and PURCHASER further agrees that STATE may take steps to protect the interest of the State, including imposing restrictions on PURCHASER's Operations under the Contract to ensure such compliance, including Contract modification, suspension, or termination.

Prospective purchasers are encouraged to contact the Tillamook ODF District at (503) 842-2545 for further information or questions relative to threatened or endangered species surveys, future planned survey information, or other threatened or endangered species information.

SPECIAL REMARKS:

NO PERSONAL OR COMPANY CHECKS ACCEPTED FOR THE BID DEPOSIT. SEASONAL RESTRICTIONS APPLY - SECTION 2455.

If yarded to the landing, pulp removal is required.

There is a midpoint payment due February 23, 2027.

All units and projects have an early felling requirement (Section 2310).

The information shown on the Exhibit A map(s) are approximate locations. Exact locations of features represented by map symbols shall be determined on site and shall depend upon the conditions that exist on site. Activities shall be conducted based upon features determined on site rather than features shown on maps.

Habitat Suitability

This sale contains potentially suitable habitat for northern spotted owls within all sale units. This sale contains potentially suitable habitat for marbled murrelets within or adjacent to Unit 1. In addition, suitable marbled murrelet habitat exists for project work areas near Units 2 and 3.

Survey Results

This sale was covered by northern spotted owl operational survey coverage in 2023. This sale was covered by a combination of operational, density, and ARU (Autonomous Recording Units) surveys in 2024¹⁻⁴. Surveys are ongoing in 2025 to extend the felling date. Northern spotted owls have not been observed during these surveys to date.

Unit 1 was partially surveyed for marbled murrelets in 2020 and 2021. The rest of Unit 1 was surveyed for marbled murrelets in 2021 and 2022. Project work areas were surveyed for marbled murrelets in 2022 and 2023. These surveys were conducted using

a protocol developed by the Pacific Seabird Group⁵. Marbled murrelets were not detected during these surveys.

Known T&E Resources

There are no northern spotted owl activity centers or Marbled Murrelet Management Areas (MMMA) affecting this sale.

Operational Considerations

Due to the presence of barred owls, felling restrictions for spotted owl spot check surveys are not required for this sale at this time.

No felling, except for felling associated with project work, shall be allowed prior to the completion of the 2025 northern spotted owl surveys indicating no resident spotted owls.

Northern spotted owl survey results will be valid until March 1, 2028, pending completion of 2025 surveys.

Marbled murrelet survey results will be valid until April 1, 2027 for Unit 1.

Marbled murrelet survey results will be valid until April 1, 2029, for project areas.

All timber in Unit 1 should be felled by April 1, 2027.

All timber for Units 2 and 3 and project areas should be felled by March 1, 2028.

Future Survey Plans

ODF has an active survey program and surveys for other planned operations, northern spotted owl density surveys, ARU surveys, and activity center monitoring will be conducted within 3 miles of this sale during the life of the contract.
